

AGREEMENT · STEP 2

Website Service *Agreement.*

A short, plain-language agreement for the GFX-T website: what we deliver, what it costs, and who owns what. It gives both sides a clear record for peace of mind and for tax purposes.

It starts on **25 September 2026** and covers the GFX-T website (the "**Website**").

1. What we do

- 1.1 **Development (done).** We have designed and built the Website (Home, About Us, Services, Portfolio, Clients, Our Management, Contact Us) from the company profile and content GFX-T provided.
- 1.2 **Launch.** We put the Website live on your domain and set up everything included in the package you choose (see the Fees & Package page).
- 1.3 **Care.** With Complete Care, we look after the Website until **30 September 2027**, and minor changes are free for the first **30 days** after go-live. With Launch Essentials, we fix any bugs you report within **14 days** of go-live.
- 1.4 Anything new, such as extra pages, new features or a redesign, is not included. We'll quote it separately, and we only start once you agree.

2. Fees and payment

- 2.1 The fees are on the Fees & Package page. They are special referral rates, below our standard pricing.
- 2.2 You pay in **two instalments**: the development fee plus half of the launch fee on signing, and the remaining half on the day the Website goes live.
- 2.3 You can pay by bank transfer, Easypaisa, JazzCash or cash, and we issue a receipt for every payment.
- 2.4 If a payment is more than 7 days late, we may pause work until it's received.

3. Domain, hosting and email are yours

- 3.1 You buy the domain, hosting and any email plan **directly from the provider, in GFX-T's name**. We help you choose and buy, and we don't charge any commission.
- 3.2 You own these accounts and pay their yearly renewals to the provider. We'll remind you when a renewal is coming up during the care period.
- 3.3 At launch we hand over all logins. You can change passwords or remove our access at any time.

4. What we need from you

- 4.1 Timely content, feedback and access (for example, the pending photos and logos). If these are delayed, launch may move back.
- 4.2 Confirmation that you have the right to use the text, images and logos you send us.

5. Ownership of the Website

- 5.1 Once all fees are paid, the Website's design, content and code made for you belong to GFX-T.
- 5.2 We may show the Website in our portfolio unless you tick here: ☐ Please don't.

6. Privacy

- 6.1 Both sides keep each other's business information, prices and passwords private.

7. Fair limits

- 7.1 We do our work carefully and professionally. We can't control outages at the hosting or email provider, but we'll help you resolve them.
- 7.2 Our total responsibility under this agreement is limited to the fees you have paid us.

8. Taxes

- 8.1 Each side takes care of its own taxes under Pakistani law. If you deduct any withholding tax, please share the certificate with us.

9. Ending the agreement

- 9.1 Either side can end this agreement with 14 days' written notice (WhatsApp is fine).
- 9.2 Work already completed, including development, is paid for and not refundable. We'll hand over all logins and a copy of the Website once dues are cleared.

10. If we disagree

- 10.1 We'll sit down and sort it out in good faith. If that doesn't work, this agreement follows the laws of Pakistan and the courts of Lahore.

11. General

- 11.1 This agreement replaces earlier discussions about this project. Changes are agreed in writing, and a clear WhatsApp or email confirmation from both sides counts.
- 11.2 This agreement can be signed on paper or electronically (Electronic Transactions Ordinance, 2002), and each signed copy counts as an original.
