PROJECT
GFX-T Website: Launch & Care

DATE
25 September 2026

A NOTE FROM OUR FOUNDER

"We Create. We Strategize. We Elevate." is a great promise. Our job is to make sure your website keeps it.

Dear GFX-T team,

Thank you for trusting us with your online presence. Since 2020 you've built a reputation for bold, creative work, and your website should show that from the first click. We've built it from the content, photos and logos you shared: 7 pages, from Home to Contact Us, and it's now getting its final touches.

The next step is simple. We put it live on your own domain, set up professional email for your team, and stay with you while it settles in. This pack explains how that works. There are no surprises and nothing complicated.

If you have any questions along the way, just message us.

Warm regards,

Omer Bin Dawood

CEO & Founder, OBD AI Solutions · AI Engineer, DevNeuron (CA, USA)
